

100% electric : no oil, no fuel, no maintenance

With the development of eJet 450, Zodiac Nautic is doubling down on its commitment to keep exploring the future of the boating industry. Together with the world leader in marine electric propulsion, Torqeedo, which produces the electric engine Deep Blue 50kW and with the latest generation of automotive battery (BMW) 40kWh, eJet 450 gets 90 min of range at 24 knots (8 hours at 5 knots). It achieves a max speed of 30 knots thanks to the revolutionary HydroJet technology. eJet has a high quality Neoprene tube, exceptional retractable seating, and upholstery by Serge Ferrari, with a quilted finish sewn in France by hand.

TECHNICAL FEATURES

TYPICAL FITMENT		OVERALL LENGTH (m-ft)	4,50-14'9"
AUTONOMY	Yachts 30m+/75ft	OVERALL BEAM (m-ft)	2-6'6"
ELECTRIC ENGINE	1h30-25knts/4h-12knts	WEIGHT (Kg-Lbs)	870-1918
	Torqeedo DeepBlue 80i/50kW	NUMBER OF PASSENGERS (CAT. C)	6+1
OVERALL HEIGHT	1,10 m	NUMBER OF WATERTIGHT COMPARTMENTS	5
MAX SPEED (KNOTS)	30		

STANDARD EQUIPMENT

HULL & DECK: BMW i3 -40 kWh battery , Lifting Point, Retractable Aluminium Cleats w/ Lazed Logo , Torqeedo Deep Blue-50kW, Next-Generation Hydrojet Propulsion.

COMFORT: 3Kw Battery Charger, Anchor & Safety Equipment, Carbon Steering Wheel, Charging Kit w/ Shorepower + Cable , Courtesy Lights.

Cup Holders, EVA Deck (Grey/Black Lines or Black/Blue Lines) , Navigation Lights (Lopolight) , Telescopic Sliding Steel Ladder , Complete Upholstery by S.Ferrari .

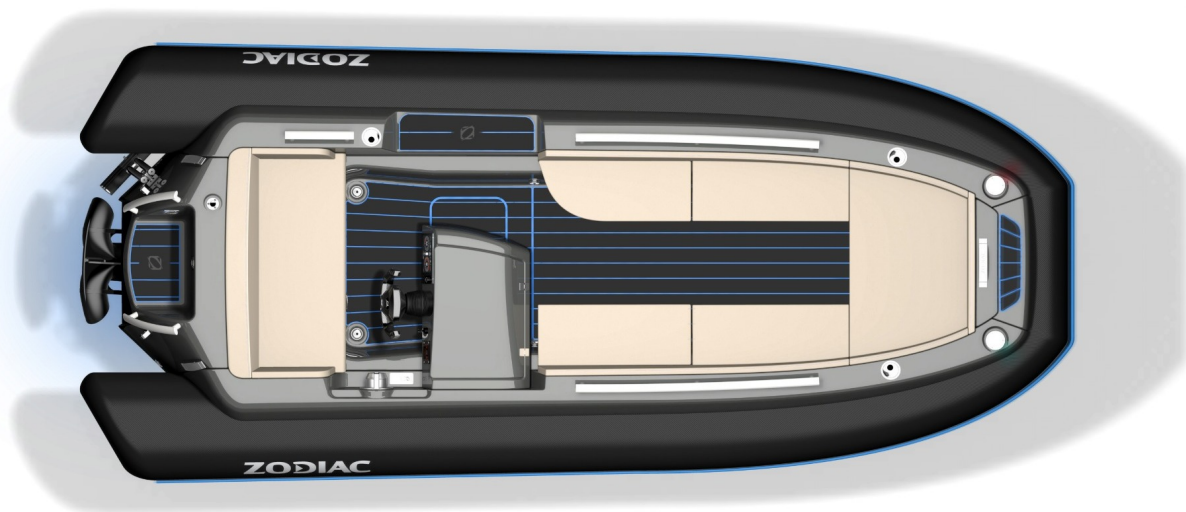

TUBE: NEO Tube, Repair Kit.

OTHER: Electric Inflator, Towing Kit.
